- a. Public Works- Bruce told the council that he received a couple of bids for the tree trimming in the park. He will be using TLC out of Paonia. They will trim the big cottonwood tree and the two small ornamental trees out front. TLC has an actual tree climber which will give a better end result than the other company with a bucket truck.

Alan has been working on the street sweeper he is doing a great job.

Bruce has decided that he will plant a native maple tree in the playground.

He is also looking for a water fountain to install in the park that would be paid for with Covid money.

Speed limit signs, he will meet with CDOT this month to get site approval for the signs and then he will get the posts and signs ordered.

- b. Board Members

John

Gill

Ralph- Ask Cally to give John's wife his best wishes for a quick recovery.

Jeff

Chris- Just a wish list item that the town extends the sidewalk in front of the parking lot so that there isn't a big drop off. It would be a fairly lengthy project because we would have to work with CDOT and it would have to be ADA approved.

Mike-Did see the sweeper out and about and that is a good thing. Also, BBQ on March 20th in conjunction with Zacks and Homestead beef.

Clerk- Attended another emergency management class. April 12 – 16 the UB software company will be holding a virtual conference and Cally asked if she should keep the office opened or if she could close the office for that week during the classes. The council did not have a problem with her closing the office for the training. Cally added that the Delta County Board of Commissioners declared March 20, 2021 as Delta County Livestock day!!!
