We are not sure how long this will take. We purchased 2 Way radios with the covid money. We are now looking for a water fountain for the playground.
- 5. ANNOUNCEMENTS**
- 6. OLD BUSINESS***

Excavation permit fee – Wanda read the Resolution to change the excavation permit, but the council asked Bruce to do work on it a little bit more to make sure that we are covered with the deposit.

- 7. NEW BUSINESS***
Resolution 1-2021 exemption from Audit - Wanda read Resolution 1, 2021 regarding the exemption from audit. Gill Saunders made a motion to approve the resolution to be exempt from audit, Chris Johnson seconds the motion. Motion passed.
Peaches RV – Now called Grateful Flats RV and Campground. They are going to have the RVS out of the property by the end of March so that Kris Crawford can do a survey and a site plan. They have plans to put in a bathhouse and a dump tank in for the RV's. They will need a building permit for the bathhouse and they will need the town's approval before starting on the dump station. Bruce added that there is a formula to figure out what the fees for the RV Park would be. He will have to work with the Town engineer before any of this will be approved.

John Paton – John asked the council to consider passing a resolution making the Town a sanctuary town supporting the second amendment. All agreed that would be a good idea. Cally will work with the attorney to get something put together.

PUBLIC NON - AGENDA ITEMS

Cami Bair – NF Montessori Cami is asking if she could hang a sign up somewhere stating that the Montessori is a public school. She would be painting it and is asking where it could be placed. She was hoping that she could use the bus stop shelter to hang a sign on both sides of that. She wants people to know that this is a public school not a private school and that it is part of the school district. She wants to keep the school in the Town of Crawford. Gill Saunders makes a motion that the public works director help them hang the signs when they are ready, John Paton seconds the motion. Motion passes.

- a. Public Works – Bruce is working on getting the flashing radar solar powered speed limit signs ordered. He is hoping to have them installed by pioneer days. He has spoken to other towns that use these signs and they are very happy with them. He said that he needs to talk to the insurance company to see if there is any liability for drinking fountains before we install any. He also wants to ask about backflow prevention with installing fountains. Wanda asked Bruce when he would be working on the water dispenser to install the card reader, he said “he is waiting for the danger of freezing, maybe April then he will start on that.” He is planning on taking Monday off to spend it with his Dad, and he will also shop for trees in Grand Junction at a couple of nurseries.
- b. Board Members – Chris Johnson encourages us all to have a BBQ on March 20th.
